

SESSION INFORMATION:

- Session Number:** 7B
- Date / Time:** March 14th, 11:30am to 12:55pm
- Session Title:** “Bio-Energy: Tapping into Biomass”
- Session Description:** This session will provide descriptions of several biogas and biomass renewable energy markets. Both farm and industrial-municipal anaerobic digesters are currently experiencing early market development, primarily utilizing organic waste in combined heat and power applications. Biomass combustions systems offer a means to utilize waste biomass to provide space heating, water heating and process heat.
- Moderator:** Larry Krom
- Moderator Affiliation:** Wisconsin’s Focus on Energy Program
- Moderator E-Mail:** LK@wisolarelectric.com
- Session Presenters:**
1. "Emerging Biomass Trends", Alan Kirn, Johnson Controls, Alan.Kirn@jci.com
 2. “Biomass Combustion Systems”, John Katers, UW-Green Bay, katersj@uwgb.edu
 3. “Industrial-Municipal Biogas Systems”, Daniel Zitomer, Marquette University, daniel.zitomer@mu.edu
 4. “Farm Biogas Systems”, Larry Krom, Focus on Energy, LK@wisolarelectric.com
