

**Date:**

**Wednesday, March 24, 2010**

**Time:**

1:25 p.m. – 2:00 p.m.

**Presenter:**

***“Eyewitness to Global Warming”***

Will Steger

Polar explorer and educator, Founder, the Will Steger Foundation

*“Eyewitness to Global Warming”* is Steger’s vivid account of the changes that he’s witnessed firsthand, caused by global warming pollutants, in Arctic regions over four decades of polar exploration. Steger shares stunning photographs from his expeditions along with compelling data and satellite imagery to document the deterioration in the polar ice caps. While the issue is critical, and the presentation is dramatic, Steger’s message is one of hope and empowerment. An understanding of our role in the causes and effects of global warming make this personal. But as Steger explains, solutions are readily available and by making economically and environmentally smart choices people can make a difference.
