

Date:

Thursday, March 25, 2010

Time:

10:40 a.m. – 11:00 a.m.

Presenter:

Kathy Kuntz
Director of Energy Programs
Focus on Energy
(Wisconsin Energy Conservation Corporation)

Ms. Kuntz has 15 years of experience implementing efficiency programs and research projects in a variety of public and private settings. With a background in low-income issues and energy education as well as residential and industrial energy efficiency, Ms. Kuntz's work has focused on program efficacy and increasing consumer awareness of energy efficiency opportunities since joining WECC in 2001. As the Director of Energy Programs, she oversees the design and implementation of WECC's energy efficiency and renewable energy programs in Wisconsin including the state's public benefits program, Focus on Energy.
