Biographies:

Rich Hasselman

Rich Hasselman is Focus on Energy's Wind Energy Lead. Richard holds M.S. and MBA degrees from UW-Madison and has worked in various aspects of the wind industry for over 12 years. Outside of Focus on Energy, Rich provides consulting services for clients related to wind developments as well as other issues related to renewable energy and energy efficiency.

Wes Slaymaker

Wes Slaymaker, P.E. is President of WES Engineering LLC, a wind consulting and professional services firm first incorporated in 2002. Mr. Slaymaker has over ten years experience in wind project development services including wind measurement, turbine energy estimates, noise and shadow flicker modeling for wind turbines and financial calculations of project performance and payback. Mr. Slaymaker has a Bachelors of Mechanical Engineering degree from Georgia Institute of Technology and is a licensed Professional Engineer in Wisconsin and Minnesota.

Amy Taivalkoski

Amy Taivalkoski is a Renewable Energy Consultant (company name ALT Energy) in Sussex, WI. Ms. Taivalkoski has been certified as a wind and solar site assessor since 2005 by the Midwest Renewable Energy Association (MREA). She earned a degree in Electrical Engineering from Brown University and a Master's degree in Electrical and Computer Engineering from Carnegie Mellon University. Currently she is the technology mentor for Focus on Energy's wind site assessment program.

Randy Faller

Randy Faller is owner and president of Kettle View Renewable Energy, LLC. He is a Certified Small Wind Site Assessor with the Midwest Renewable Energy Association and a Full Service Wind System Installer with the Focus on Energy program in Wisconsin.

- Graduate of Bloomsburg University of Pennsylvania, 1989, BS – Business Mgmt.
- Over 12 years of management experience in Construction and Corporate level projects.
- Wind projects managed under Kettle View Renewable Energy LLC include installations from 10kW to 100kW.
- Memberships and Associations:
Midwest Renewable Energy Association (MREA); American Wind Energy Association (AWEA); RENEW Wisconsin; Lakeshore Technical College Advisory Committee; WI WindWorking Group; EcoVision360; Mount Washington Observatory(MWOBS)
